

# PLANNING + ECONOMIC DEVELOPMENT

## SERVICES

Community Planning  
Economic Development  
Urban Design +  
Landscape Architecture

As your long-term partner, American Structurepoint will connect your community with real project opportunities.

With ample resources and technical expertise, American Structurepoint will solve your complex planning challenges in a holistic manner. From community planning and economic development services to urban design and landscape architecture, our team delivers results for the communities we serve. Our innovative planning process focuses on the two most important elements of any initiative - the vision and an action-based strategy for implementation.
